

International Journal of Pharmacy Practice

Medicines management, policy, practice and education

An essential resource for health service researchers and practitioners, IJPP addresses all aspects of pharmacy practice, pharmaceutical care, medicines management and policy

Editor-in-Chief **Christine Bond**, Professor of Primary Care, Centre of Academic Primary Care, University of Aberdeen, UK

Scope

All issues relating to the way medicines are prescribed and used:

- Primary and secondary care
- Health economics and health policy
- Medicines information
- Pharmaceutical services provision
- Medicines utilisation
- Pharmaceutical public health
- Research methods
- Pharmacy education and practice

Contents

- Full papers presenting original, high quality research
- Fast track papers deserving rapid publication
- Critical reviews
- Short communications
- Personal views
- Editorial commentaries and guest editorials

Audience

Academics and practitioners in healthcare, particularly working in pharmacy, nursing and pharmacoepidemiology. Essential for health services researchers and those involved in health promotion and education.

Indexing

Included in British Nursing Index, CAB Abstracts, Cambridge Scientific Abstracts, CINAHL, EMBASE, EMCare, International Pharmaceutical Abstracts and Scopus.
